Korea-Auto - Industry Leader

Korea-Auto is a world leader in the vehicle Export industry. We specialize in the development and implementation of vehicle procurement, export management and customer service technologies integrated with a fully-staffed customer service center ready to attend to our customers' needs no matter what time zone they are in.

Korea-Auto provides a variety of export services on-line including: purchasing, price negotiation, logistics, shipping and customer service. Our on-line services are supported by our staff in Korea and by a world-wide network of regional sales, distribution and customer service centers.

Our Customer Service Center(CSC) operates 24/7 year-round and is staffed with highly qualified sales, shipping, accounting, and support personnel. We believe that customer satisfaction is the key to our business and work. Also we want to provide our customers the services, they expect and deserve

From Korea-Auto to the world

Customer Service

Korea-Auto's goal is total customer satisfaction and our Customer Service Representatives(CSR) are an integral part of making sure this goal is achieved. Our CSR's make sure that customers are assisted throughout the entire purchase, export, shipping and import process.

Our website allows our customers to contact our Qualified sales staff, by email, Internet phone(VOIP, Skype etc.) or by calling direct to Korea. We have also established local 'gateway' phone numbers in most major markets to allow our customers to phone us without incurring large costs.

We feel that removing the barriers of distance and cost are important in keeping close communication with our customers and our Customer Service Center continues to be the focus of these efforts.

People power! Our website is powered by people!

Online Service

Korea-Auto is the first vehicle export company in Korea to fully implement Internet technology into our business model beginning in 1997. The use of the Internet is an important tool in making information available to our customers when they need it and to make sure that any question or inquiry is responded to immediately.

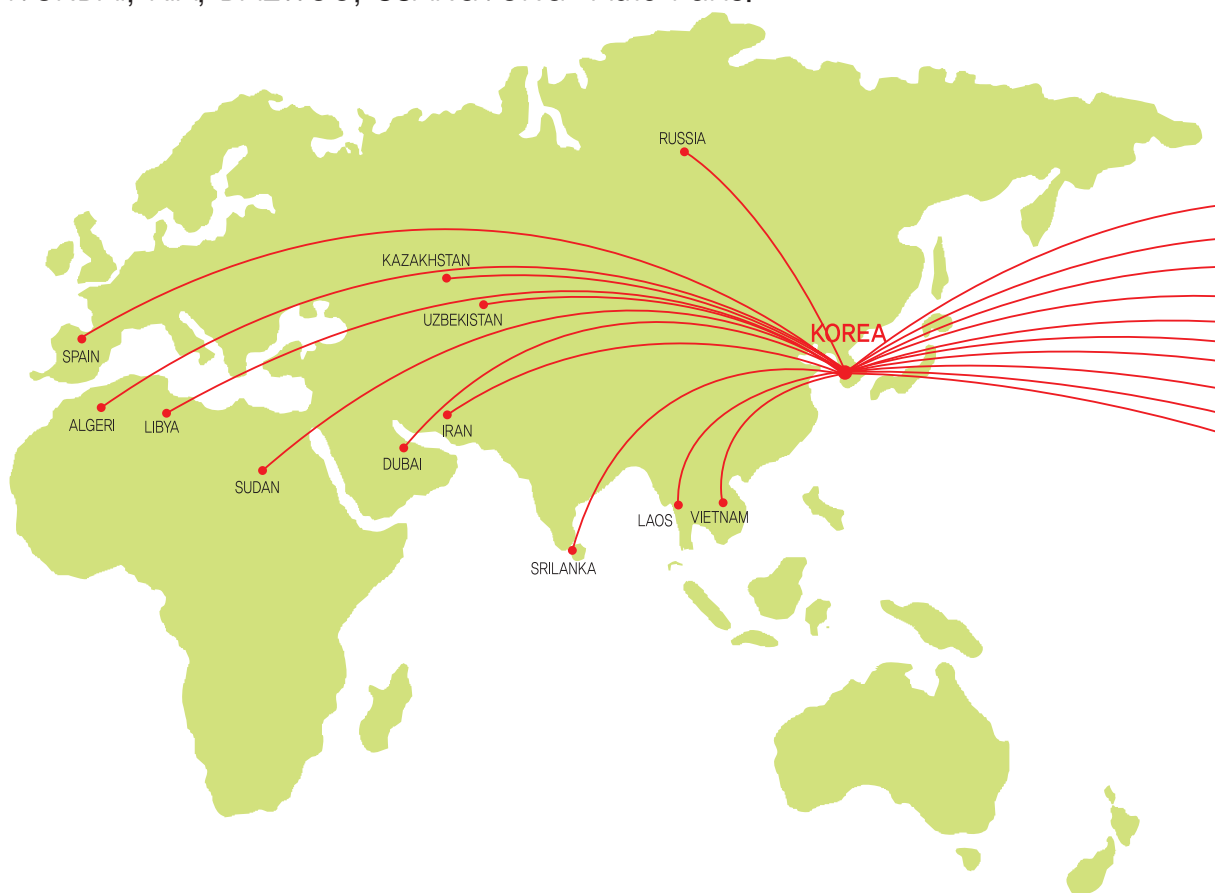

Our online service and technology provide our customers with easy-to-use methods for purchasing and importing quality vehicles direct from Korea. We are constantly updating the features and services available on our website to ensure that our customers have all the information they needs to effectively run their businesses.
